

ACOULINE 3 QUARTER SLIMLINE TAB BRACKET IN BLACK

SKU: AH-LTAB BK

The Acouline Slimline Bracket is designed for use with workstations where components of the workstation underframe are positioned close to the outer edges of the work surface. It is ideal for mounting return screens or the return sections of wrap screens and is supplied as a set of two brackets in a Black or White finish. Suitable for screens with a thickness of 12-24mm, the bracket is specifically designed for use with 600mm high screens that extend both above and below the desktop, positioning the screen 420mm above the work surface and 180mm below. The bracket mounts securely to the underside of the work surface and is backed by a 10-year warranty.
