

ACOULINE 900MM H BOOST & HALO SCREENS

SKU: AP-MS900HSTSCREEN

Designed to enhance privacy and acoustic comfort, the Acouline 900mm H Standard Screen is the ideal addition to Boost+ and Halo+ workstations. These high-density acoustic panels help minimise distractions from nearby conversations, phone calls, and keyboard noise, creating a more productive and focused work environment.

Measuring 900mm high with a 24mm thickness, each panel features sleek 50mm radial corners for a clean, modern appearance. Available in sizes to suit 1200mm, 1500mm, and 1800mm wide desktops, with matching divider screen options to create separation between users and support individual focus.

Ideal for high-energy workplaces, Acouline workstation screens help treat noise at the source, fostering comfort, concentration, and productivity throughout the day.
