

ACOULINE WALL PANEL - COVE

SKU: AP-MSWPCOVE

Bring acoustic performance and architectural detail to interior walls with Acouline Wall Panels in the elegant Cove pattern. Featuring a soft curved arch design, these panels transform large, reflective surfaces into stylish sound-absorbing features that enhance both comfort and visual appeal.

Designed to reduce echo and improve speech clarity, Acouline Wall Panels help create more balanced acoustic environments for meeting rooms, offices, shared spaces, and presentation areas. The Cove pattern adds depth and movement to the wall, offering a contemporary design statement while helping soften everyday noise.

Combining functionality with refined design, Acouline Wall Panels make it easy to improve workplace acoustics without compromising on style.
