

ACOULINE WALL PANEL - GRID

SKU: AP-MSWPGRID

Add geometric style and acoustic comfort to interior spaces with Acouline Wall Panels in the Grid pattern. Featuring diagonally stacked square detailing, this contemporary design creates depth, movement, and visual interest while helping improve the acoustic performance of the environment.

Engineered to absorb sound and reduce echo, Acouline Wall Panels assist in creating quieter, more balanced spaces with improved speech clarity for offices, meeting rooms, breakout areas, and reception spaces. The Grid pattern introduces a bold architectural element that complements modern workplace interiors.

Blending functional acoustic control with striking design, Acouline Wall Panels in the Grid pattern provide a sophisticated solution for enhancing both the look and feel of commercial spaces.
