

ACOULINE WALL PANEL - HERRINGBONE

SKU: AP-MSWPHERRING

Create a refined and textured acoustic feature with Acouline Wall Panels in the Herringbone pattern. Featuring vertically stacked detailing inspired by classic herringbone layouts, this design brings structure, depth, and a sophisticated architectural feel to interior walls.

Designed to absorb sound and minimise echo, Acouline Wall Panels help improve speech clarity and create more comfortable environments across offices, meeting rooms, collaborative spaces, and reception areas. The Herringbone pattern introduces subtle movement and visual dimension, making it an ideal choice for contemporary commercial interiors.

Combining effective acoustic performance with timeless design appeal, Acouline Wall Panels in the Herringbone pattern offer a stylish solution for enhancing both workplace aesthetics and acoustic comfort.
