

ACOULINE WALL PANEL - V GROOVE GLIDE

SKU: AP-MSWPVGGLIDE

Add dynamic movement and acoustic comfort to interior spaces with Acouline Wall Panels in the V Groove Glide pattern. Featuring sleek diagonal groove detailing, this contemporary design introduces depth and directional flow while enhancing the acoustic performance of the environment.

Designed to absorb sound and minimise echo, Acouline Wall Panels help improve speech clarity and create quieter, more comfortable spaces across offices, meeting rooms, reception areas, and collaborative environments. The angled V Groove Glide pattern delivers a modern architectural aesthetic that brings subtle visual energy to interior walls.

Combining sophisticated design with practical acoustic functionality, Acouline Wall Panels in the V Groove Glide pattern provide a stylish solution for improving workplace acoustics while elevating the overall interior finish.
