
BOOST & HALO B2B POLE & UMBILICAL HUB

SKU: BH-UMBDOUMS

Create a clean, professional cable transition point with the Back to Back Umbilical Hub from our Boost & Halo Range. Designed to seamlessly integrate with power poles and umbilical, this hub provides a tidy and secure connection point between the floor and your workstation.

Manufactured from durable steel and featuring a magnetic lid, the hub delivers long-lasting performance, while its compact footprint allows for discreet installation without compromising functionality.
