BOOST & HALO CABLE TRAY - BLACK

SKU: BH-SCDCT BL

Keep your workstation clean, organised and clutter-free with the Cable Dump Tray

Designed specifically for Boost and Halo frames, the Cable Dump Tray provides a simple and effective solution for tidying control box cables and maintaining a professional, streamlined workspace. Manufactured from durable steel and finished in a stylish powder coat, the cable tray mounts neatly beneath the desktop to discreetly manage control boxes, excess leads, and power cables.

Available in 900mm–1400mm W x 95mm D x 25mm H, the tray accommodates a range of workstation sizes while maintaining a low-profile design that won’t interfere with legroom. Integrated 50mm diameter cable entry holes allow for easy cable routing from above the desk to the tray below, ensuring seamless cable management.
