
CORE DUAL GAS SPRING MONITOR ARM

SKU: CDMA2 BK

Designed to accommodate dual screens from 17" to 30", the Core Dual Monitor Arm offers flexible positioning with a tilt range of -90° to 15°, helping users achieve a more ergonomic viewing angle throughout the day. Compatible with both 100mm x 100mm and 75mm x 75mm VESA mounting, it provides a secure and adaptable solution for a wide range of monitor setups.

With a load capacity of 2-9kg per screen and both clamp and grommet hole fixings included, installation is simple and suited to a variety of commercial desk applications. Built for dependable performance and backed by a 10-year warranty, the Core Dual Monitor Arm is a smart investment in a more efficient, streamlined workspace.
