

EOS HEIGHT ADJUSTABLE SIDE TABLE

SKU: EOSTABMS

The Eos Height Adjustable Side Table brings practical flexibility to modern workspaces. Featuring an 18mm E0 top and a durable powder-coated underframe, Eos is designed for everyday performance with a clean, professional presence. Its gas spring height adjustment and two-stage oval column allow the table to move smoothly from 653mm to 1048mm, making it a versatile solution beside lounges, desks, and collaborative settings.

Compact in footprint yet highly functional, the Eos is ideal for supporting laptops, notebooks, and daily essentials, with a 10kg load capacity and the reassurance of a 5-year warranty.
