ENDURA MAX BARIATRIC CHAIR

SKU: ENDURAMAX300 BL

Engineered for superior strength and maximum support, the Endura Max is the heavy-duty companion to the Endura family. Built with a reinforced, fully welded steel frame and wider seat dimensions, it is purpose-designed for bariatric, healthcare, public, and high-traffic environments.

Rated to an impressive 300kg, the Endura Max delivers outstanding durability and peace of mind in demanding commercial settings. Generous cushioning and ergonomic support ensure comfort during extended sitting periods, without compromising on strength.
The Endura Max is the ideal solution where strength, reliability, and comfort are essential.
