

## RIPPLE HALO HANGING CEILING PANELS

**SKU:** AP-MSHALOCPRP

Elevate your acoustic strategy by activating the largest unused surface in the workplace. Acouline Halo & Hive Ceiling Panels are suspended overhead to capture and soften sound before it can reflect back into the room, helping create a calmer and more balanced environment. Working quietly above the workspace, they reduce reverberation and lower overall noise levels while contributing a refined architectural feature. Available in a range of configurations, Halo Ceiling Panels deliver effective acoustic performance without compromising valuable floor or wall space.

NRC: 0.85
Composition: 100% Polyester [PET]
Fire Rating: Group 1 (AS 5637.1) – Tested to AS ISO 9705-2003 (R2016)
