SHUSH30 FEET

SKU: SHUSH30FEET

Introducing the Pair of Free Standing Feet for SHUSH30 Screens, the perfect solution to create a freestanding screen setup. These feet are designed to attach to the side of the screen extrusion, providing stability and allowing you to use SHUSH30 screens independently.

By utilizing the Pair of Free Standing Feet, you can transform your SHUSH30 screen into a standalone unit, eliminating the need for additional support or installation. This offers flexibility in configuring your workspace according to your specific needs.

With a 5year warranty, you can trust in the durability and quality of these freestanding feet, ensuring long-lasting performance and reliability.

Upgrade your workspace with the Pair of Free Standing Feet for SHUSH30 Screens and enjoy the freedom to create a versatile and independent screen arrangement. Experience the convenience and flexibility of a freestanding screen setup with this reliable and innovative solution.
