TITAN HIGH BACK CHAIR

SKU: TITANHBMS

Built for serious functionality, the Titan features a heavy-duty synchronised mechanism with 28° tilt and five locking positions, a seat slide, automatic adjustable lumbar support, and 4D adjustable armrests for a fully personalised seating experience. Designed with a breathable mesh back and headrest, and a commercial-grade premium fabric seat, the Titan delivers a modern professional aesthetic while promoting airflow and ergonomic comfort throughout the workday.
