

VELTO 1 SEATER LOUNGE

SKU: VL-1 OLIVE

The Velto Single Seater High Back Lounge introduces a more private and considered seating option for commercial interiors. With its tall enveloping back and generous proportions, it naturally suits waiting areas, breakout settings, and informal spaces where comfort and a greater sense of separation are important.

Velto brings a muted, contemporary warmth that works beautifully against the clean contrast of its black powdercoated base. It offers a roomy sit, while the high back gives the piece its distinctive sheltering feel. Built for commercial use and supported by a 5-year warranty, it is also available in other fabric colours on an 8 week lead time.
