Ergonomic Furniture

IN THE WORKPLACE

Rapidline has a range of ergonomic office furniture designed to improve the comfort and efficiency within any workplace.

Our products at Rapidline are known for their strength, durability and stability, as well as many being AFRDI certified. In addition to this, we are proud to offer a large range of ergonomic office furniture to keep workers pain-free and comfortable.

Long hours working at a desk can put pressure on the body and cause pain, fatigue and injury. Ergonomic furniture is designed to prevent this through cutting-edge design that supports the posture, reduces the risk of pain, and minimises harmful repetitive motions. Investing in ergonomic chairs, desks, storage and accessories is a step toward combating these risks and improving employee wellbeing and performance.

ERGONOMIC ACCESSORIES

LIFT CHAIRS

Elevate Lift Chairs

ERGONOMIC EVERYDAY COMFORT

Newly established Rapidline Home operates under the Furnx Pty Ltd banner and offers a wholesale range of heavy-duty residential furniture for retailers Australia wide.

The range includes accredited Elevate Lift Chairs which are approved and endorsed by health professionals and the NDIS to assist with mobility and disability seating requirements.

WHAT IS A LIFT CHAIR?

Looking just like a regular reclinder, a lift chair is a chair that is designed with a powerful lifting mechanism. Through a simple touch of a button the entire chair lifts up from its base, allowing the user to comfortably transition into a standing or sitting position with ease.

With a simple touch of a button, a lift chair gently rises and moves forward, allowing the user to stand with ease and avoidundue muscle strain. A lift chair is ideal for individuals who have trouble sitting or standing due to health issues.
