Boost & Halo Range

RAPIDLINE
WORKSTATIONS

Rapidline offers a complete range of commercial grade workstations with advanced features, available in a range of sizes and finishes to suit all workspaces.

Supported by commercial warranties, and selected from Sedex compliant factories, you can have peace of mind that Rapidline workstations maintain high quality standards and are built to stand the test of time.

With warehouses across Brisbane, Sydney, Melbourne, Adelaide and Perth, and a local customer service team in each state, Rapidline can provide workstation solutions off the shelf, available for immediate delivery.

HALO+

HALO+
WORKSTATION RANGE

The Rapidline Halo+ workstation provides a premium height adjustable offering to the market with its designer cylinder leg, smooth adjustment and 120kg lifting capacity.

With a digital control panel featuring three pre-set positions, an LED display panel, keypad safety lock, and reminder alarm setting, you can easily adjust your workstation to your preferred height with just the touch of a button.

The innovative anti-collision and anti-tilt technology ensures that your desk is protected from accidental damage, while operating quietly with a noise emission of less than 50DB.

Choose from single, corner and back to back configurations.

AFRDI certified and backed by a 10 year warranty across the range.

BOOST+
WORKSTATION RANGE

The Rapidline Boost+ continues to lead the way in height adjustable workstation solutions within the commercial furniture industry.

With low noise emission and easy assembly, Boost+ goes above and beyond to meet and exceed the Australian standards for height adjustable workstations across the board.

Featuring advanced anti-collision and anti-tilt technology, quiet adjustment at 38mm per second, and a 120kg+ weight rating, this workstation ticks all the boxes for durability and stability, while being easily operated from the touch of an LED digital controller.

Available in a variety of configurations from single, corner and back to back, with privacy screen and cable tray options.

AFRDI certified and backed by a 10 year warranty across the range.

BOOST LIGHT &
BOOST STATIC
WORKSTATION RANGES

As popular altenatives to our Rapidline Boost+, Boost Light and Boost Static are here to stay with their quality features and affordable price tag.

As an alternative to the popular Boost+, the Boost Light features a single motor with 80kg lifting capacity and 25mm per second height adjustment. Available as a straight open desk, with cable tray and privacy screen options.

The Boost Static is a fixed height workstation which perfectly complements the Boost+ range. Available in single, back to back, and corner workstations, The Boost Static is designed to meet your daily needs by combining functionality, durability and a sleek aesthetic.

Backed by a 10 year warranty across both ranges
